# OUR PROCESS

## We mill coffee for export

We offer high-quality coffee beans, carefully selected and processed with cutting-edge technology to meet the needs of our international clients.

## Direct Purchase from the Producer

We source fresh, high-quality coffee directly from producers, with no intermediaries or additional costs, supporting the local economy

## We eliminate intermediaries

We reduce costs and enhance product quality by eliminating intermediaries and building direct relationships with both our clients and our producers.

# OUR SPECIALTY COFFEE

MAXIMUM QUALITY AND GUARANTEED PURITY.

At Jasaquntu, we believe that all coffee produced in Colombia is specialty-grade, but it is our processes that ensure its quality remains uncompromised. We implement strict quality-control procedures from the farm all the way to export.

## EXOTIC COFFEE

Various coffee varieties with exotic notes and scores above 85 points. These varieties are produced in nano-batches or micro-batches.

## COFFEE VOLUME

This range includes regional coffees that score between 81-84 points and are produced in high quantities.

Find Out More

At Jasaquntu, we believe that green coffee is more than just a product. It is a way of life that connects people and communities. Our carefully selected and processed green coffee is the result of the passion and dedication of our farmers, who cultivate and harvest every bean with their hands and hearts, pouring love and care into each step.”

Every bean of our green coffee carries a story of tradition, effort, and love for the land. The commitment of our farmers, the richness of our soils, and the unique climate of our regions come together to create an exceptional coffee. We want to share that story with you and bring the authentic flavor of Colombia to your table.

Enjoy the fruit of our farmers' hard work and passion in every cup!
